Nestled at the end of a culdesac in the much sought after Highlands gated community you will find this unique lifestyle opportunity. If you would prefer a garage larger than some two bedroom apartments over having a yard to upkeep this may be the ideal new home for you. 1935 Cornerstone is the ultimate lock and leave property with close to zero maintenance & maximum lifestyle. Like new is an overused term, but this home has barely been lived in & has several newer appliances. It is truly immaculate. The design of the home offers a bright open plan living space with many quality materials & thoughtful touches throughout. No details have been missed, there is even pre-wiring to run critical systems off a generator in the even of a power outage! With no yard work to do you can enjoy local hiking, biking & golf all at your doorstep. You are minutes from world class beaches, restaurants & wineries. However, with a home this impressive you may not want to leave for long! It's a must see opportunity! (id:7434)
