\$546,900

2 Bedrooms | 2 Bathrooms | 987 Sqft

About the Developer: From the same team behind St. Paul and Stockwell, Innocept brings the downtown Kelowna community its third condo building, CAWSTON! A 77 unit artfully designed development where we have created affordable, beautiful condo units that have been designed to be harmonious with the local community by consciously selecting sustainable building materials and high-quality finishings. About the Architect: With thirty years of experience and offices in both Kelowna and Kamloops, BlueGreen Architecture is at the leading edge of the green building movement, consistently working to keep informed of sustainability innovations. Experienced in providing successful and creative architectural solutions for commercial, institutional, multi-family, and single-family residential projects, BGAs commitment is to produce architecturally inspiring work while pushing the boundaries of sustainable design. About the Designer: Materia Interior Design is a full-service Kelowna-based Interior Design studio, specializing in Custom Residential Design. Intentionally and intelligently balancing functionality, practicality, and creativity, the Materia team ensures that each design tells a story and serves its purpose. Believing that environmental integrity is something to live by, they incorporate current and innovative
