You will not find a home like this again! Situated only 10 minutes from downtown and 10 minutes to the airport, this house was built on one of the most unique lots in Kelowna. A large flat driveway leads right into a triple car garage wired for e-vehicle charging. Step inside and you can see through to the most incredible lake views in Kelowna. High ceilings and hardwood lead you through to a bright and comfortable living area. The open concept kitchen has a butlers pantry and high end appliances you would expect from a home of this caliber, including a Wolfe range and convection steam oven, a Sub-Zero fridge, and a Miele espresso machine. The main living space flows right out onto the outdoor entertaining space, a very private lawn and a saltwater pool. Upstairs has a laundry room, 2 bedrooms each with an ensuite, and an amazing master bedroom/ensuite with views and unique styling that will make it hard to leave. Downstairs is a great flex space, perfect for entertaining or relaxing, or even space for a golf simulator or home gym! (id:6289)
