4 Bedrooms | 5 Bathrooms

Located in the sought-after Lower Mission steps to local shopping, amenities and the lake. This exceptional property boasts incredible indoor outdoor living featuring a lavish interior and outdoor oasis with a pool. High-end quality and construction together with an impeccable choice of quality materials define this fantastic property. Large windows, exposed beams and the fireplace compliment the modern, open concept main living space which overlooks the salt water sport pool and lush greenery. Entertain with ease in the gourmet kitchen equipped with high-end appliances, an oversized island, & timeless cabinetry. Brilliantly designed, the main floor includes one of the two master suites with a stunning ensuite finished to include heated flooring, a soaker tub, and rain shower. A guest bathroom and laundry complete the primary floor. Upstairs is a sun-filled family room or recreation space plus a large outdoor deck. This sought-after floorplan offers 4 generous sized bedrooms upstairs including a second master suite with ensuite bathroom including a soaker tub and rain shower. One of the bedrooms is suitable for an office. Perfect for a family. This fantastic location is surrounded by some of the best schools, local restaurants, biking trails and sandy beaches. (id:3942)
