\$32

1,578 SF of high-profile, brand new retail space in Kelownas Midtown Urban Centre. This high traffic location is on the corner of Enterprise Way and Spall Road, two of the areas main arterial routes. Exposure to almost 70,000 vehicles per day, plus the concentration of residential complexes in the area make this a very attractive opportunity. There are outstanding, highly visible fascia signage opportunities. Extensive glass on three sides of the unit and doors on the north and south side give the unit flexibility in use. The unit is offered as shell space awaiting your design. Space is in the Beverly next to the new Hyatt Place hotel and in proximity to Spall Plaza, Mill Creek Crossing and Central Plaza. This is the most visible and high-profile unit in this newly constructed complex. (id:3942)
