5 Bedrooms | 5 Bathrooms

Stunning custom built home with Lake View & Mountain View in the desirable Upper Mission neighbourhood. Nearly new, this 3800 sq. ft. rancher showcases 5 bedrooms, 3 full bath & 2 half baths including 1 bed/1 bath legal suite & 2 bed/1.5 bath in-law suite. The main entrance hints at the massive ceiling heights you will find. The Master Suite is everything you would expect with a fantastic lake view. Soaring ceiling in foyer & spacious living/dining area & main kitchen & spice kitchen forms the heart of the home. Huge island, beautiful cabinets, quartz surface counters showcase a sleek modern d cor. The living space leads to the spacious deck perfect for BBQ & to enjoy the unobstructed lake & mountain view. Privately located on the lower level is a bright 2 bedroom basement suite for the in-laws or could be used as part of the main home for the large family. Walkout 1 Bed/ 1 bath legal suite is an added bonus & could be used as a mortgage helper if needed. ** Measurements approximate * (id:3942)
